

SMARTORK

SMARTORK *Door Closer*

Experience seamless door closures with our innovative SmarTork. Engineered with a unique helical groove design, the SmarTork effortlessly conquers wind resistance, ensuring smooth operation with each closure.

THE SMARTORK ELEVATOR DOOR CLOSER ACTUALLY REGAINS TENSION AS IT CLOSES THE DOOR.

KEY FEATURES

- ▶ Effortless installation with the “Uni-hub” design.
- ▶ Eliminates wind resistance issues, reducing non-chargeable hours for elevator companies.
- ▶ Minimizes nuisance callbacks with reliable performance.
- ▶ Virtually eliminates maintenance calls for adjustments.
- ▶ Energy-efficient, earning a “Green” rating.
- ▶ Endures over 2.5 million cycles with consistent torque, backed by third-party testing.
- ▶ Includes a 2-year warranty and proudly made in the USA.
- ▶ Enhances safety by securing door lock mechanisms.

Ensure a perfect fit with the SmarTork Bracket: MIS-124-ST-BK
